PRO SHOOT
FIREARMS & SHOOTING CLUB

STAGE RULES

There will be no walk throughs. Stages will be run as seen, as a real-world environment.

Competitors must come to a stage with all firearms/kit in **full working order**.

All ammunition must be carried by the competitor during the stage with the exception of full-bore ammunition which will be supplied.

Mini-Rifle and **Shotgun** must be carried by the competitor preferably slung where the stage requires more than one type of firearm. **Full-bore rifle** will be supplied and pre-positioned.

Gun ready condition on all stages is **empty**.

Firearms are required to be **completely unloaded** before switching between types.

Downrange means Downrange.

DISQUALIFICATION

Disqualification on any stage will result in disqualification from the match.

The sweeping of yourself, Range Officer, other competitors, or spectators will result in disqualification.

Negligent Discharge: The discharge of a firearm in an unsafe manner or goes outside the confines of the backstop will result in disqualification.

Your muzzle sweeping beyond the stage safety angles will result in disqualification.

A competitor shall be disqualified for a discharge while reloading during the course of fire.

A competitor shall be disqualified for unsportsmanlike behaviour. E.G. cheating.

Consuming or being under the influence of alcohol or drugs at the match site during the competitions will result in disqualification.

A disqualification can be issued by a Range Officer. Any disagreement shall be taken to the Range Master whose decision is final.

Handling firearms in the parking area is unsafe gun handling and will be a D.Q. offence.

SCORING

Shotgun: Steels 5 points. **Mini rifle:** Steels 5 points. **Full-bore:** Steels 10 points.

A miss on a steel will result in a 10-pt penalty. A failure to engage will result in a 20-pt penalty.

Steels must take a direct hit to be scored. The Range Officers decision is final.

Match is scored on stage points.

Procedural penalties are at the Range Officers discretion.

TIMING

All stages will be timed with an electronic timer with an audible start signal.

Hits on targets will be counted with a number counter.

Stages will have a time limit in which to complete. Once your time is up, it's up and the stage will be scored as shot.

FAILURE TO COMPLETE A STAGE WITHIN THE MAXIMUM TIME ALLOWED

When your time is up, it's up. The shooter will be stopped by the RO. and assess the stage time equal to the number of targets hit plus all applicable penalties.

Targets not engaged in the maximum time allowed will incur Failure to Engage penalties in addition to other applicable penalties.

TARGETS

Targets are the same for everyone. There will be no re-shoots.

Hard targets are steel plates hung by chain or shackles inside a steel frame.

Frangible targets (Clays) must break to score. A single hole will count as a break.

A Range Officer or designated spotter only may call hits on targets.

FAULT LINES

Fault lines may be hard, soft, caution tape, ground paint, rope or non-existent.

Coaching and Helping: The ROs are here to help. If other competitors wish to help you then that's up to them.

Range Masters decision is final in any dispute.

STOP, STOP, STOP, means STOP. Anyone can call this in the name of safety.

GENERAL RULES

All firearms will remain unloaded at all times whilst on site unless actively taking part on a course of fire.

Having a loaded firearm while not actively taking part on a course of fire will result in being disqualified from the match.

All firearms must have a visible safety flag and magazine removed where possible when out of their bags.

This is a Muzzle up Range. All firearms must be carried muzzle up while out of their bags with a breech safety flag inserted.

COMPETITORS WITH A HANDICAP

Competitors with a proven handicap or physical concern may be given approval by the Match Director and/or Range Master to complete a course of fire other than intended.

However, an applicable penalty may be given at the discretion of the Match Director and/or Range Master. Such a penalty will be assessed to reflect the true nature of the benefit but not in a punitive means.

CLOTHING AND KIT

Anything goes, but please avoid offensive clothing.

Competitors: **please don't wear Red tops**. Red tops are reserved for Range Officers only, so they are easily identifiable.

It is recommended that head, elbow, and knee protection be worn on all stages.

Eye and Ear protection is mandatory for everyone on range including spectators. If the competitor's equipment falls off, then pick it up and put it back on.

AMMUNITION

Mini-Rifle: 22 lr only

Shotgun: Birdshot, Buckshot and Slug only.

Full-bore: To be supplied.

The use of prohibited ammunition types will result in a stage or match disqualification.

It is the competitor's responsibility to ensure the right ammunition type for the stage description.

SAFE AREAS

All safe areas are clearly marked at both ends of the range and are there for your convenience. Firearms may only be handled in the identified safe areas. **NO AMMUNITION may be handled in any safe area.** Safe areas will have generous "foot fault" boxes immediately behind the table area. You must be in this box to be considered in the S.A. Safe areas are for effecting repairs, dry firing, un-bagging or bagging, holstering or unholstering and Cold demonstration of your firearm to other individuals. Keep your muzzle pointed at the berm at all times while in the safe area.

RANGE OFFICERS

When you hear STOP! cease any activities immediately and stop with the gun muzzle pointing safely down range, finger outside the trigger guard, safety on, and await further instructions.

STAGE DIAGRAM

PRO SHOOT has put in a lot of effort to make the **stage diagrams in this match book (pages 7-15)** look exactly like what you will encounter at the match. In the interest of clarity, not all targets are shown. Target placement and numbers may vary slightly due to bay design. The competitor is reminded to review the actual stages carefully and ask questions.

FIRST AID

The first aid station will be found in the area near the container. Food and snacks may be purchased at food area any time during breaks.

Please only park in designated areas on the range for safety reasons. Rest rooms are located conveniently around the range.

WAIVERS & AGREEMENTS

All competitors must sign a Waiver, Release & Indemnity Agreement.

Plus, More.

Kids Shirt

XSB/28"/3-4Years, SB/30"/5-6Years, MB/32"/7-8Years, LB/34"/9-11Years, XLB/36"/12-13years,

Adults Shirt

S/38", M/40", L/44", XL/48", XXL/52", 3XL/56"

Larger sizes are available on request. £35 plus p.p.

Please confirm by Monday 6th March if you require a shirt. Will need the name you require on it and size.

DIRECTIONS FROM LLANBRADACH (PREFERRED ROUTE)

Llanbradach is easily accessible via the M4 / A470 / A469/ A468.

Once in Llanbradach, follow the signs to the Railway Station / Graddfa Industrial Estate. Do not turn up to the station, continue straight on, under the railway bridge and along the road. You will pass industrial units on the right, continue, heading up hill (please be aware that it is a single-track road with passing places). You will come to a cattle grid, go straight across, and continue until you come to a fork in the road (This is a large wooden fork, honest). Continue for another 400 yards and you will see a gravel track on your left, take this and continue until you come to the range. NB.

If you are late getting to the range and see RED flags flying, do not come onto the range. Please call for assistance as this means the range is live.

ACCOMODATION

Accommodation is available close to the venue or within a 5-minute drive, such as:

The Wingfield Hotel and Sports Bar

Telephone: 0292 088 9199

E-mail: manager@wingfieldhotel.co.uk
